

SUPPORT

Polish tax advisers mobilise to help Ukraine refugees

The Polish National Foundation of Tax Advisers has stepped up to play its part in the country's huge effort to support Ukrainian refugees. The foundation, the charitable arm of the Chamber of Polish Tax Advisers (KIDP), a sister body of CIOT in CFE Tax Advisers Europe, has been coordinating the work of volunteer members who have been driving to the border, providing money, food, clothing, and other essentials.

Additionally they are working with the Association of Polish Judges to jointly assist Ukrainian war refugees in finding a job in the profession in which they practice, helping them change career if necessary, finding foster families for orphans, provision of legal aid and learning Polish, among other things.

If you would like to support our work, please DONATE:
