

# **Second International Tax Conference "Taxes of Tomorrow" Directions of tax law development in European countries 20 September 2024**

**Silesian Branch of the National Chamber of Tax Advisers**

in cooperation with

**Faculty of Law and Administration,**

**University of Silesia in Katowice**

would like to invite you to participate in the

**Second International Tax Conference**

**Taxes of Tomorrow.**

**Directions of tax law development in European countries**

which will be held on-line on 20 September 2024

The Conference is organized by the Board of the Silesian Branch of the National Chamber of Tax Advisers in collaboration with the Faculty of Law and Administration at the University of Silesia. Its goal is to identify and delineate the development directions of tax law in EU countries, aiming to develop model legislative solutions that these countries have implemented in response to current challenges and the evolving tax landscape. The primary objective is to assess the priorities of European legislators in shaping tax law, explore the legislative approaches taken by individual countries to address these issues, and evaluate the resultant effects.

The conference will be conducted entirely in English.

Participants wishing to actively contribute with a presentation should submit their application by 15 August 2024 using the online form available at the following link: <https://forms.office.com/e/duYDhAr2sE> (<https://forms.office.com/e/duYDhAr2sE>). They must also submit a brief abstract and a biographical note via email to [slaski@kidp.pl](mailto:slaski@kidp.pl) by 15 August 2024.

Passive participants (those not presenting) can register their attendance up until 31 August 2024.

Submissions should align with the conference's theme and could include topics such as:

- Taxation of new technologies, robotics, and artificial intelligence;
  - Green taxation;
- Use of ICT tools in tax proceedings and the automation and computerization of tax administration tasks;
- Implementation of the Base Erosion and Profit Shifting (BEPS) initiatives and measures against aggressive tax optimization;
  - Harmonization of tax law within the European Union.

The Organizing Committee will notify participants of the acceptance of their papers via email. Due to potentially high submission volumes, the Committee reserves the right to select the papers. All presenters will be informed by 15 August 2024 about the acceptance of their papers for oral presentation. Each presentation at the conference is allotted 20 minutes.

Attendance at the conference is free of charge. Links for joining the conference on MS Teams will be sent to all panelists and passive participants two weeks prior to the event.
